AGE GROUP: Grades 6th - 9th

CLASS SIZE: 10 students max

REACH NEW HEIGHTS

While attending the ROPES Entrepreneur Camp, students will be immersed in entrepreneurial and innovative thinking. Students will learn the basics of building a startup, meet scientists from the Air Force Research Laboratory, as well as local entrepreneurs, develop an entrepreneurial idea, and create a virtual startup. The program will conclude with a “Demo Day”, where the students will pitch their startup ideas, and which families are welcome to attend!
